Rules of behavior

i

We welcome you to

Smurfit Kappa GmbH
Viersen Papier

Please keep to the following behavior and security-information. They are useful for your own security.

Registration / Contact-Partner

Generally you have to register on the telephone house at gate 4. From here your contact-partner will get an information. In all cases he is your first speaking-partner. He will instruct you and if necessary, he will give you further information about our regulations.

ATTENTION !

Without authorization of the department manager / the contact-person it is strictly forbidden to enter the mill area.

Please think every time about:

SAFETY FIRST.

Our mill is subject to the guidelines of hygiene orders to the HACCP concept. For details please ask your contact partner.

Security Information

Personal Security Equipment

After leaving the office. It is your duty to wear safety-shoes on the mill area.

When you enter the production area please think of hearing protection..

At the area of „yard“ you have to wear a safety-waistcoat.

No smoking

Everywhere on the mill area it is not allowed to smoke. Smoking corners are signed.

Taking of narcotics

It is not allowed to take alcoholic drinks, drugs or other narcotics on the mill area.

Safety Precaution

Please inform yourself about means of escape, emergency exits, meeting places, fire drencher and first aid-aquipments.

Declaration of incidents, fire and danger

Please inform your speaking-partner in case for serious accidents and fire immediately. If you can´t reach him, please inform the local fire-brigade with telephone number **0112**. In case of fire please activate the mill-alarm on the signed fire detector.

Special information

Hygiene and tidiness

Don´t throw any waste on the mill area.

It is not allowed to eat and drink in the production area.

Don´t put articles which are fragile into production.

Traffic on the mill area

There are many processes of shunting and transportation. Please drive very careful and slowly. (5 km/h)

At the area of „yard“, „shipping“ and „belt“ be careful about the fork lift trucks.

It has right of the way, everytime.

Only Smurfit Kappa GmbH, Viersen Papier employees have the right to use the fork lift trucks.

Environmental Protection/Fire Protection

For prevention of needless pollution and preventative fire protection you have to turn out the motor of your care in case of shutdown.

Thank you for your cooperation.

We wish you a safety stay in our mill !

The General Manager
